

Scroungers Rules

- 9.00am registration closes
- 10.00am start
- All nominated names are numbered from first entry to last
- Numbers are drawn out and entered on each rink (could be 3,4 or 5 on any rink depending on available green space).
- The first name on the card keeps the score the entire game.
- Positions on the card remain the same the entire game (you follow the same person every end).
- Roll the jack and play where it lies (no spotting on the line).
- 16 ends with 3 bowls each per player
- Closest bowl to the jack – 3 points, second closest – 2 points and third closest – 1 point.
- Minus 1 point if the bowl goes into the ditch.
- Minus 1 point if the jack is rolled into the ditch or out of bounds
- After the 16 ends each rink winner (who has the highest points total) plays in a 4 end quarter-final (even number rink numbers play even numbers, odds play against odds).
- After 4 ends the winners then play 4 ends. (If there is a draw the winner will be the person who had the highest number in the 16 ends section).
- After the 4 ends the two winners play a two end final.
- The winner on the day gets a -6 handicap for all future games.
- HAVE FUN!!!!!!!!!!
