

CONDITIONS OF PLAY for Sunday Scroungers

- 9.00am registration closes
- 10.00am start
- All nominated names are numbered from first entry to last.
- Numbers are drawn out and entered on each rink (could be 3,4 or 5 players on any rink depending on available green/rink space).
- The first name on the card keeps the score the entire game.
- Positions on the card remain the same the entire game (you follow the same person every end).
- Roll the jack and play where it lies (no spotting on the line).
- Winner of previous end rolls jack and bowls first. (Follow same order as above.)
- 16 ends with 3 bowls each per player
- Closest bowl to the jack – 3 points, second closest – 2 points and third closest – 1 point.
- Minus 1 point if the bowl goes into the ditch unless it is a toucher.
- Minus 1 point if the jack is rolled into the ditch, out of bounds.
- If jack is hit OOB , replace on “T”
- If jack is hit into the ditch it is “live”?
- After the 16 ends each rink winner (who has the highest points total) proceeds to finals.
- Players not proceeding to finals will play another 8 ends (24 total). Highest scorer and 2nd highest scorer of the extra 8 ends to receive prize money. (Dependant on player numbers)
- Finalists will play in a 4 end quarter-final (even number rink numbers play even numbers, odds play against odds).
- After 4 ends the winners then play another 4 ends. (If there is a draw the winner will be the person who had the highest number in the 16 ends section).
- After the 4 ends the two winners play a two end final.
- The winner on the day gets a -6 handicap for all future games.
- HAVE FUN!!!!!!!!!!
